CALCUTTA, THE 25TH APRIL 1930.

RESOLUTION No. 1216MNE.

Withdrawal of the exemption from survey of certain classes of inland steam and motor vessels.

Under an order contained in this department notification No. 78 Mne., dated the 17th August 1917, inland steam-vessels, which do not ply for hire for passenger traffic or which, though plying for hire for passenger traffic, are not capable of carrying more than twelve passengers, are exempt from the provisions of chapter II of the Inland Steam-Vessels Act, 1917. At present these vessels are, therefore, not amenable to survey under the above Act. The Local Government, with the sanction of the Government of India, have decided that the above exemption should be withdrawn, so that all inland steam and motor vessels will be subject to the provisions of chapter II of the Act, except the following which, subject to the sanction of the Government of India, will continue to remain exempt:—

(1) Ordinary rowing boats and sailing boats fitted with a detachable outboard motor.

(2) Sailing yachts fitted with auxiliary motors.

(3) Motor boats forming part of a steam vessel's equipment under the Board of Trade Regulations for boats and life-saving appliances.

(4) Small motor launches not exceeding 30 feet in length and 20 B. H. P. belonging to private persons and used exclusively for personal recreation by the owner, his family, and friends.

It has been decided that in the case of motor craft the order withdrawing the exemption will have effect on or about the 1st October 1930 and in the case of steam craft on or about the 1st February 1931. Formal notifications withdrawing the exemption will issue on or about those dates. Owners and masters of inland steam and motor vessels, other than those mentioned above as exceptions, are hereby informed that after those dates, it will be illegal for any such vessel to ply without a certificate of survey granted under the Act. In the event of the survey, applied for in the prescribed manner, not being complete before the date on which the exemption is withdrawn, no relaxation will be allowed on that ground, unless the application for survey was made, in the case of a motor vessel, on or before the 1st June 1930 and, in the case of a steam-vessel, on or before the 1st July 1930.

2. Applications for surveys to be carried out at Calcutta, Kushtia and Khulna will be received by the Principal Engineer and Ship Surveyor, Calcutta, and for surveys to be carried out at Chittagong, Barisal, Narayanganj and Goalundo, by the Engineer and Ship Surveyor, Chittagong. Forms of application for survey and copies of the rules regarding the making of surveys may be obtained by post from either of the above mentioned officers. It should be understood that first surveys can be carried out only at Calcutta, Chittagong and Narayanganj, where facilities exist for the docking of vessels. Subsequent surveys may be carried out at any of the places of survey mentioned above. On the occasion of the first survey, all vessels must be docked for external examination, but at the subsequent surveys, the surveyor may exercise his discretion as to the external examination, provided that the bottom is examined at least once in four years.

3. Ordered that the resolution be published in the *Calcutta Gazette* and that copies be supplied to the Press for publication. Copies should also be supplied to Commissioners of Divisions, the Principal Officer, Mercantile Marine Department, Calcutta District, the Port Officer, Chittagong, the Inland Steamer Companies in the Presidency, the Bengal, the Indian and the Bengal National Chambers of Commerce and the Indian Merchants' Association, Chittagong.

DARJEELING, THE 23RD APRIL 1930.

RESOLUTION—No. 44T.A.I.

Minister-in-charge: The Hon'ble Khan Bahadur Maulvi K. G. M. Faroqui.

In paragraph 57 of their report the Royal Commission on Agriculture in India recommended that a committee should be established in each major province to work in close co-operation with the Council of Agricultural Research.

2. The Royal Commission were of opinion that local Governments should have full discretion regarding the constitution of provincial committees. They, however, suggested that the Director of Agriculture and the Director of Veterinary Services should invariably be members as well as the Principals of the Agricultural and Veterinary Colleges where these exist, and that there should be in addition at least one scientific expert from the staff of the Agricultural and Veterinary Colleges or Departments, one representative of pure science from the provincial University or Universities, and one or more non-official members.

With regard to the functions of the provincial committees, it was suggested by the Commission that they could best be determined after the Council of Agricultural Research had been constituted, but amongst its duties would be the preparation of programmes of research to be laid before the Council of Agricultural Research and a report on any application from any association or persons within the province for a grant from the Council.

3. The Government of India, Department of Education, Health and Lands, in constituting the Imperial Council of Agricultural Research in resolution No. 826Agri., dated the 23rd May 1929, expressed the hope that all provincial Governments would take early steps to constitute provincial committees to work in co-operation with the Council of Research on the lines suggested by the Royal Commission, subject to such modifications as might be considered necessary in the light of local conditions.

4. The Government of Bengal (Ministry of Agriculture) have given careful consideration to these suggestions and have now decided to establish an Agricultural Research Committee in Bengal. The Bengal Agricultural Research Committee will be entirely distinct from the

Provincial Board of Agriculture reconstituted in resolution No. 43T.A.I., dated 23rd April 1930, and its main function will be to co-operate with the Imperial Council of Agricultural Research in matters connected with the advancement of agricultural and veterinary research, as well as to assist in maintaining touch between that body and agricultural activities in this Presidency. Its primary duty will be to examine all programmes of development and research, which Government may propose to refer to the Imperial Council of Agricultural Research, and report on any application from any association or persons within the province for a grant from the Council. It will also advise the local Government on any scheme or project which may be referred to it for opinion.

5. The constitution of the committee will be as follows:—

1. The Hon'ble Minister in charge of the Agricultural Department, *President.*

2. The Secretary to the Government of Bengal in the Agriculture and Industries Department.

3. The Director of Agriculture, Bengal.

4. The Director, Civil Veterinary Department, and Veterinary Adviser to the Government of Bengal.

5. The Principal, Bengal Veterinary College.

6. One scientific officer of the Agricultural Department to be nominated by Director of Agriculture.

7. One representative of pure science from the Dacca University to be nominated by that University.

8. One representative of pure science from the Calcutta University to be nominated by that University.

9. Professor N. N. Ganguli, C.I.E., Ph.D.

10. Mr. I. S. K. Ghuznavi, B.Sc., Mymensingh.

The Director of Agriculture will act as Secretary to the committee.

Government reserve the power to add to the number of members. The committee shall have powers to co-opt members possessing expert knowledge and, if necessary, to appoint sub-committees to deal with special problems

6. The non-official members will hold office for three years.

Order—Ordered that a copy of the resolution be forwarded to the Director of Agriculture, Veterinary Adviser, Principal, Bengal Veterinary College, and the Vice-Chancellors of the Dacca and Calcutta Universities and to the non-official members of the committee, for information.

Ordered also that the resolution be published in the *Calcutta Gazette* for general information.

IRRIGATION DEPARTMENT.

NOTIFICATION.

[Third publication.]

No. 2-I.—1st April 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district :—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the grounds, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions :—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4 The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available, and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office ; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Executive Engineer, Bankura Division, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Executive Engineer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Executive Engineer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Executive Engineer endorsed with his signature in token of approval.

The Executive Engineer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Executive Engineer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Executive Engineer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Executive Engineer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdvisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised : but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be require or the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Executive Engineer or other officer in charge of the Revenue Division, Bankura, through his staff of tahsildars and peons. All *khatians* or demand statements shall be signed by the Executive Engineer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Executive Engineer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of accounts of control over establishment, and of general administration, the Executive Engineer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Executive Engineer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall in deciding the case give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged, subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Executive Engineer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment, with respect to the actions of the amins in assessing, and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Executive Engineer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be be made under the orders of the Executive Engineer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Executive Engineer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

The Executive Engineer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Executive Engineer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Any person who, after due warning, commits a breach of this rule, may be proceeded against under section 93, clause (*9*), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. IRRIGATION DEPARTMENT.

NOTIFICATIONS.

[**Fourth publication.**]

No. 2-I.—1st April 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district :—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the grounds, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions :—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32"=1 mile when such are available, and elsewhere at scale 16"=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Executive Engineer, Bankura Division, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Executive Engineer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Executive Engineer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Executive Engineer endorsed with his signature in token of approval.

The Executive Engineer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Executive Engineer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Executive Engineer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Executive Engineer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdvisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

(3) After clause (*30*) of the said rule, the following shall be inserted, namely:—

"(30 *a*) Tenure post means a permanent post which an individual Government servant may not hold for more than a limited period.

NOTE.—In case of doubt a Local Government may decide whether a particular post is or is not a tenure post."

(4) Clause (*31*) of the said rule shall be lettered "(*a*)", and the following shall be added, namely:—

"(*b*) Time-scales are said to be identical if the minimum, the maximum, the period of increment and the rate of increment of the time-scales are identical.

"(*c*) A post is said to be on the same time-scales as another post on a time-scale if the two time-scales are identical and the posts fall within a cadre, or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility, in a service or establishment or group of establishments; so that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post."

II. In rule 21 of the said rules, for the figure "32" figure "31" shall be substituted.

III. For rule 22 of the said rules, the following shall be substituted, namely:—

"The initial substantive pay of a Government servant who is appointed substantively to a post on a time-scale of pay is regulated as follows:—

(*a*) If he holds a lien on a permanent post, other than a tenure post, or would hold a lien on such a post had his lien not been suspended under rule 13—

(*i*) when appointment to the new post involves the assumption of duties or responsibilities of greater importance (as interpreted for the purposes of rule 30) than those attaching to such permanent post, he will draw as initial pay the stage of the time-scale next above his substantive pay in respect of the old post;

(*ii*) when appointment to the new post does not involve such assumption, he will draw as initial pay the stage of the time-scale which is equal to his substantive pay in respect of the old post, or, if there is no such stage, the stage next below that pay, *plus* personal pay equal to the difference, and in either case will continue to draw that pay until such time as he would have received an increment is earned in the time-scale of the new post, whichever is less.

(*b*) If the conditions prescribed in clause (*a*) are not fulfilled, he will draw as initial pay the minimum of the time-scale.

Provided, both in cases covered by clause (*a*) and in those covered by clause (*b*), that if he either—

(1) has previously held substantively or officiated in—

(*i*) the same post, or

(*ii*) a permanent or temporary post on the same time-scale, or

(*iii*) a permanent post, other than a tenure post, on an identical time-scale, or a temporary post on an identical time-scale, such post being on the time-scale as a permanent post; or

(2) is appointed substantively to a tenure post on a time-scale identical with that of another tenure post which he has previously held substantively or in which he has previously officiated,

then the initial pay shall not be less than the pay, other than special pay, personal pay or emoluments classed as pay by the Governor-General in Council under rule 9 (*21*) (*a*) (*iii*), which he drew on the last such occasion, and he shall count for increments the period during which he drew that pay on such last and any previous occasions.

NOTE 1.—If the Government servant is entitled to overseas pay in the new post but was not drawing overseas pay in the old post, the overseas pay in the new post shall not be

taken into account in determining the stage in the time-scale of the new post to which he is entitled under clause (a).

NOTE 2.—For the purposes of this rule sterling overseas pay shall be converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe."

IV. In rule 26 of the said rules—

(1) In clause (a), for the words "to which a time-scale applies" the words "on a time-scale" shall be substituted.

(2) At the end of clause (c) of the said rule, the following shall be added, namely:—

"This clause applies also to a Government servant who is not actually officiating in the lower post at the time of his appointment to the higher post, but who would have so officiated had he not been appointed to the higher post."

V. In rule 30 of the said rules—

(1) For the first paragraph of clause (1), the following shall be substituted, namely:—

"Subject to the provisions of Chapter VI, a Government servant who is appointed to officiate in a post shall not draw pay higher than his substantive pay in respect of a permanent post, other than a tenure post, unless the post in which he is appointed to officiate is one of those enumerated in the schedule to this rule or unless the officiating appointment involves the assumption of duties and responsibilities of greater importance than those attaching to the post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under rule 13."

And in the second proviso to the said clause for the words "the extra allowance, if any" the words "any special pay" shall be substituted.

(2) For clause (2) of the said rule, the following shall be substituted, namely:—

"For the purpose of this rule, the officiating appointment shall not be deemed to involve the assumption of duties or responsibilities of greater importance if the post to which it is made is on the same scale of pay as the permanent post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under rule 13, or on a scale of pay identical therewith."

VI. For rule 31 of the said rules, the following shall be substituted, namely:—

"Subject to the provisions of rules 26 (c), 30 and 35, a Government servant officiating in a post will draw the presumptive pay of that post, provided that, if the presumptive pay of the permanent post on which he holds a lien or would hold a lien had his lien not been suspended under rule 13, should at any time be greater than the presumptive pay of the post in which he officiates, he will draw the presumptive pay of the permanent post."

VII. Rules 32 and 34 of the said rules shall be omitted.

Simla, the 19th April 1930.

No. F. 31-R.I|30.—The following should be added to the Resolution of the Secretary of State in Council published in the Government of India, Finance Department, Notification No. F. 31-R.I|30, dated the 10th April 1930:—

VIII. In Rule 100 of the said Rules in clause (c) for the words "permanent post for a fixed term" in both places where these words occur the words "tenure post" shall be substituted.

Provided that such enquiry may be dispensed with—

(a) if an enquiry is to be held by the Government Inspector under rule 7;

(b) if the accident has not been attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property; or

(c) if there is no reasonable doubt as to the cause of the accident; or

(d) if one department of the railway intimates that it accepts all responsibility in the matter.

(2) Where such enquiry is dispensed with, it shall be the duty of the head of the department of the railway responsible for the accident to make such enquiry (to be called a "departmental enquiry") as he may consider necessary and if his staff or the system of working is at fault, to adopt or suggest such measures as he may consider expedient for preventing a recurrence of similar accidents.

19. (1) Whenever a joint enquiry is to be made, the Agent or Manager shall cause notice of the date and hour, at which the enquiry will commence, to be given to the following officers, namely:—

(a) the District Magistrate of the district in which the accident occurred, or such other officer as the Local Government may appoint in this behalf, the Superintendent of Railway Police and the District Superintendent of Police;

(b) the Government Inspector for the section of the railway on which the accident occurred; and

20. (1) As soon as any joint or departmental enquiry has been completed, the President of the Committee or the head of the department, as the case may be, shall send to the Agent or Manager a report which in the case of all accidents of the nature described in the explanation to rule 6 must be submitted in the form prescribed by sub-rule (1) of rule 9.

(2) The Agent or Manager shall forward, with his remarks as to the action it is intended to take in regard to the staff responsible for the accident, or for the revision of the rules or the system of working, a copy of such report:—

(a) to the Government Inspector for the section of the railway on which the accident occurred;

(b) if no enquiry or investigation has been made under rule 22 or if a joint or departmental enquiry has been held first, to the Magistrate or officer appointed under clause (a) of sub-rule (1) of rule 19; and

(c) if any judicial enquiry is being made, to the Magistrate making such enquiry.

(3) Such copy shall be accompanied in the case referred to in clause (b) of sub-rule (2), by a statement of the persons, if any, whom the Agent or Manager desires to prosecute, and in the case referred to in clause (c) of the same sub-rule, by a copy of the evidence taken at the enquiry.

21. A copy of reports of inquiries held on accidents not of the nature specified in section 83 of the Act, such as averted collisions, technical accidents, or breaches of block rules, shall be forwarded to the Government Inspector for the section of the railway on which the accident occurred.

Duties of Magistrates.

22. Whenever an accident, such as is described in section 83 of the Act, has occurred in the course of working a railway, the District Magistrate, or any other Magistrate, who may be appointed in this behalf by the Local Government, may, either—

(a) himself make an enquiry into the causes which led to the accident; or

(b) depute a subordinate Magistrate, who, if possible, should be a Magistrate of the first class, to make such an enquiry; or

(c) direct an investigation into the causes which led to the accident to be made by the police.

23. Whenever it is decided to make an enquiry under clause (a) or clause (b) of rule 22, the District Magistrate or other Magistrate appointed as aforesaid or the Magistrate deputed under clause (b) of rule 22, as the case may be, shall proceed to the scene of the accident and conduct the enquiry there, and shall at once advise the Agent or Manager of the railway and the Government Inspector by telegraph of the date and hour at which the enquiry will commence, so as to enable the railway administration to summon the requisite expert evidence.

24. A Magistrate, making an enquiry under rule 22, may summon any railway servant, and any other person whose presence he may think necessary, and, after taking the evidence and completing the enquiry, shall, if he considers there are sufficient grounds for a judicial enquiry, take the requisite steps for bringing to trial any person whom he may consider to be criminally liable for the accident. Whenever technical points are involved, the Magistrate should call for the opinion of the Government Inspector or other professional persons.

25. The result of every enquiry or investigation made under rule 22 shall be communicated by the Magistrate to the Agent or Manager of the railway and to the Government Inspector.

26. If, in the course of any judicial enquiry, into an accident occurring in the course of working a railway, the Magistrate desires the assistance of the Government Inspector or of the Agent or Manager of the railway, or the attendance of any officer of the railway, to explain any matter relating to railway supervision, management or working, he will issue a requisition to the Agent or Manager for the attendance at court of an officer competent to explain such matter, stating at the same time the nature of the assistance required. In summoning railway servants, the Magistrate will take care not to summon so large a number of the employees, especially of one class, on the same day, as to cause inconvenience to the working of the railway. In the case of very serious accidents it will generally be advisable for the Magistrate to obtain a report, from both the Government Inspector and the Agent or Manager of the railway, in regard to the accident, before finally concluding the judicial enquiry.

27. On the conclusion of any such judicial enquiry the Magistrate shall send a copy of his decision to the Agent or Manager of the railway, and to the Government Inspector, and shall, unless in any case he thinks it unnecessary to do so, report the result of the enquiry to the Local Government.

Duties of Police Officers.

28. (1) The railway police may make an investigation into the causes which led to any accident occurring in the course of working a railway and shall do so—

(*a*) whenever any such accident is attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property, or has *prima facie* been due to any criminal act or omission; or

(*b*) whenever the District Magistrate or the Magistrate appointed under rule 22 has given a direction under clause (*c*) of that rule:

Provided that no such investigation shall be made when an enquiry has been commenced or ordered under clause (*a*) or clause (*b*) of rule 22.

(2) The railway police shall report, with as little delay as possible, to the nearest Station-master or, where there is no Station-master, to the railway servant in charge of the section of the railway on which the accident has occurred, every accident whch may come to their notice occurring in the course of working a railway attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property, or which has *prima facie* been due to any criminal act or omission.

29. (1) Whenever an investigation is to be made by the railway police—

(*a*) in a case in which an accident is attended with loss of human life or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property; or

(*b*) in pursuance of direction given under clause (*c*) of rule 22,

the investigation shall be conducted by the officer-in-charge of the railway police, or, if that officer should be unable to conduct the investigation himself, then by an officer to be deputed by him.

(2) The officer deputed under sub-rule (1) shall ordinarily be the senior officer available, and shall whenever possible be a Gazetted officer, and shall in no case be of rank lower than that of Inspector:

Provided that the investigation may be carried out by an officer-in-charge of a police station—

(*i*) in such a case as is referred to in clause (*a*) of sub-rule (1) unless loss of life or grievous hurt has been caused to more persons than one or injury to property has been caused to a value exceeding Rs. 10,000, or there is reason to suspect that any servant of the railway has been guilty of neglect of rules; or

(*ii*) in the case referred to in clause (*b*) of sub-rule (1) if the District Magistrate so directs.

30. The officer who is to conduct an investigation in pursuance of rule 29 shall proceed without delay to the scene of the accident and conduct the investigation there and shall at once advise the Agent or Manager of the railway and the Traffic Officer of the district by telegraph of the date and hour at which the investigation will commence so that, if possible, the presence of a railway official may be arranged for to watch the proceedings and to aid the officer making the investigation. The absence of a railway official must not, however, be allowed to delay the investigation, which should be made as soon as possible after the accident has taken place.

31. (1) In every case to which rule 29 applies, immediate information shall be given by the railway police to the district police, who, if so required, shall afford all necessary assistance and shall, if occasion arise, carry the investigation beyond the limits of the railway premises. But the railway police are primarily entrusted with the duty of carrying on the investigation within such limits.

(2) Subject to any provisions elsewhere contained in these rules, the further prosecution of the case, on the conclusion of the police investigation shall rest with the railway police.

32. The result of every police investigation shall be reported at once to the District Magistrate or other officer appointed in this behalf by the Local Government to the Agent or Manager of the railway or other officer appointed by him, and to the Government Inspector.

33. Where there are no railway police, the duties imposed by rules 28, 29 and 30, sub-rule (2) of rule 31, and rule 32 on the railway police, or on the officer-in-charge of the railway police, shall be discharged by the district police or by the District Superintendent of Police, as the case may be.

In no case can applications be considered in respect of decorations conferred more than five years previously, or offered in connexion with services or events so long prior to the nomination.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. 9. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission is given by Letter and not by Royal Warrant.

4. Restricted permission will ordinarily be given in all other cases, except where considerations of general policy or public interest must be held to preclude permission; provided, however, that such permission shall not be given in the case of Decorations conferred or offered more than five years before the date of application for permission, and, further, that the bestowal of the Decoration has been made the subject of an official communication through one of the channels prescribed in Rule 5.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic representative of the latter at the Court of St. James.

No permission is needed to accept a Foreign Medal if it is not to be worn.

9. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without restriction.

Applications for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions, and Commemorative Medals, cannot be entertained.

CHAPTER II.

FORMATION OF THE CONTRACT.

Contract of Sale.

Sale and agreement to sell.

4. (1) A contract of sale of goods is a contract whereby the seller transfers or agrees to transfer the property in goods to the buyer for a price. There may be a contract of sale between one part-owner and another.

(2) A contract of sale may be absolute or conditional.

(3) Where under a contract of sale the property in the goods is transferred from the seller to the buyer, the contract is called a sale, but where the transfer of the property in the goods is to take place at a future time or subject to some condition thereafter to be fulfilled, the contract is called an agreement to sell.

(4) An agreement to sell becomes a sale when the time elapses or the conditions are fulfilled subject to which the property in the goods is to be transferred.

Formalities of the Contract.

Contract of sale how made.

5. (1) A contract of sale is made by an offer to buy or sell goods for a price and the acceptance of such offer. The contract may provide for the immediate delivery of the goods or immediate payment of the price or both, or for the delivery or payment by instalments, or that the delivery or payment or both shall be postponed.

(2) Subject to the provisions of any law for the time being in force, a contract of sale may be made in writing or by word of mouth, or partly in writing and partly by word of mouth or may be implied from the conduct of the parties.

Subject-matter of Contract.

Existing or future goods.

6. (1) The goods which form the subject of a contract of sale may be either existing goods, owned or possessed by the seller, or future goods.

(2) There may be a contract for the sale of goods the acquisition of which by the seller depends upon a contingency which may or may not happen.

(3) Where by a contract of sale the seller purports to effect a present sale of future goods, the contract operates as an agreement to sell the goods.

Goods perishing before making of contract.

7. Where there is a contract for the sale of specific goods, the contract is void if the goods without the knowledge of the seller have, at the time when the contract was made, perished or become so damaged as no longer to answer to their description in the contract.

Goods perishing before sale but after agreement to sell.

8. Where there is an agreement to sell specific goods, and subsequently the goods without any fault on the part of the seller or buyer perish or become so damaged as no longer to answer to their description in the agreement before the risk passes to the buyer, the agreement is thereby avoided.

The Price.

Ascertainment of price.

9. (*1*) The price in a contract of sale may be fixed by the contract or may be left to be fixed in manner thereby agreed or may be determined by the course of dealing between the parties.

(*2*) Where the price is not determined in accordance with the foregoing provisions, the buyer shall pay the seller a reasonable price. What is a reasonable price is a question of fact dependent on the circumstances of each particular case.

Agreement to sell at valuation.

10. (*1*) Where there is an agreement to sell goods on the terms that the price is to be fixed by the valuation of a third party and such third party cannot or does not make such valuation, the agreement is thereby avoided:

Provided that, if the goods or any part thereof have been delivered to, and appropriated by, the buyer, he shall pay a reasonable price therefor.

(*2*) Where such third party is prevented from making the valuation by the fault of the seller or buyer, the party not in fault may maintain a suit for damages against the party in fault.

Conditions and Warranties.

Stipulations as to time.

11. Unless a different intention appears from the terms of the contract, stipulations as to time of payment are not deemed to be of the essence of a contract of sale. Whether any other stipulation as to time is of the essence of the contract or not depends on the terms of the contract.

Condition and warranty.

12. (*1*) A stipulation in a contract of sale with reference to goods which are the subject thereof may be a condition or a warranty.

(*2*) A condition is a stipulation essential to the main purpose of the contract, the breach of which gives rise to a right to treat the contract as repudiated.

(*3*) A warranty is a stipulation collateral to the main purpose of the contract, the breach of which gives rise to a claim for damages but not to a right to reject the goods and treat the contract as repudiated.

(*4*) Whether a stipulation in a contract of sale is a condition or a warranty depends in each case on the construction of the contract. A stipulation may be a condition, though called a warranty in the contract.

When condition to be treated as warranty.

13. (*1*) Where a contract of sale is subject to any condition to be fulfilled by the seller, the buyer may waive the condition or elect to treat the breach of the condition as a breach of warranty and not as a ground for treating the contract as repudiated.

(*2*) Where a contract of sale is not severable and the buyer has accepted the goods or part thereof, or where the contract is for specific goods the property in which has passed to the buyer, the breach of any condition to be fulfilled by the seller can only be treated as a breach of warranty and not as a ground for rejecting the goods and treating the contract as repudiated, unless there is a term of the contract, express or implied, to that effect.

(*3*) Nothing in this section shall affect the case of any condition or warranty fulfilment of which is excused by law by reason of impossibility or otherwise.

Implied undertaking as to title, etc.

14. In a contract of sale, unless the circumstances of the contract are such as to show a different intention there is—

(*a*) an implied condition on the part of the seller that, in the case of a sale, he has a right to sell the goods and that, in the case of an agreement to sell, he will have a right to sell the goods at the time when the property is to pass;

(*b*) an implied warranty that the buyer shall have and enjoy quiet possession of the goods;

(*c*) an implied warranty that the goods shall be free from any charge or encumbrance in favour of any third party not declared or known to the buyer before or at the time when the contract is made.

Sale by description.

15. Where there is a contract for the sale of goods by description, there is an implied condition that the goods shall correspond with the description; and, if the sale is by sample as well as by description, it is not sufficient that the bulk of the goods corresponds with the sample if the goods do not also correspond with the description.

Implied conditions as to quality or fitness.

16. Subject to the provisions of this Act and of any other law for the time being in force, there is no implied warranty or condition as to the quality or fitness for any particular purpose of goods supplied under a contract of sale, except as follows:—

(*1*) Where the buyer, expressly or by implication, makes known to the seller the particular purpose for which the goods are required, so as to show that the buyer relies on the seller's skill or judgment, and the goods are of a description which it is in the course of the seller's business to supply (whether he is the manufacturer or producer or not), there is an implied condition that the goods shall be reasonably fit for such purpose:

Provided that, in the case of a contract for the sale of a specified article under its patent or other trade name, there is no implied condition as to its fitness for any particular purpose.

(*2*) Where goods are bought by description from a seller who deals in goods of that description (whether he is the manufacturer or producer or not), there is an implied condition that the goods shall be of merchantable quality:

Provided that, if the buyer has examined the goods, there shall be no implied condition as regards defects which such examination ought to have revealed.

(*3*) An implied warranty or condition as to quality or fitness for a particular purpose may be annexed by the usage of trade.

(*4*) An express warranty or condition does not negative a warranty or condition implied by this Act unless inconsistent therewith.

Sale by sample.

17. (*1*) A contract of sale is a contract for sale by sample where there is a term in the contract, express or implied, to that effect.

(*2*) In the case of a contract for sale by sample there is an implied condition—

(*a*) that the bulk shall correspond with the sample in quality;

(*b*) that the buyer shall have a reasonable opportunity of comparing the bulk with the sample;

(*c*) that the goods shall be free from any defect, rendering them unmerchantable, which would not be apparent on reasonable examination of the sample.

CHAPTER III.

EFFECTS OF THE CONTRACT.

Transfer of property as between seller and buyer.

Goods must be ascertained.

18. Where there is a contract for the sale of unascertained goods, no property in the goods is transferred to the buyer unless and until the goods are ascertained.

Property passes when intended to pass.

19. (*1*) Where there is a contract for the sale of specific or ascertained goods the property in them is transferred to the buyer at such time as the parties to the contract intend it to be transferred.

(*2*) For the purpose of ascertaining the intention of the parties regard shall be had to the terms of the contract, the conduct of the parties and the circumstances of the case.

(*3*) Unless a different intention appears, the rules contained in sections 20 to 24 are rules for ascertaining the intention of the parties as to the time at which the property in the goods is to pass to the buyer.

Specific goods in a deliverable state.

20. Where there is an unconditional contract for the sale of specific goods in a deliverable state, the property in the goods passes to the buyer when the contract is made, and it is immaterial whether the time of payment of the price or the time of delivery of the goods, or both, is postponed.

Specific goods to be put into a deliverable state.

21. Where there is a contract for the sale of specific goods and the seller is bound to do something to the goods for the purpose of putting them into a deliverable state, the property does not pass until such thing is done and the buyer has notice thereof.

Specific goods in a deliverable state, when the seller has to do anything thereto in order to ascertain price.

22. Where there is a contract for the sale of specific goods in a deliverable state, but the seller is bound to weigh, measure, test or do some other act or thing with reference to the goods for the purpose of ascertaining the price, the property does not pass until such act or thing is done and the buyer has notice thereof.

Sale of unascertained goods and appropriation.

23. (*1*) Where there is a contract for the sale of unascertained or future goods by description and goods of that description and in a deliverable state are unconditionally appropriated to the contract, either by the seller with the assent of the buyer or by the buyer with the assent of the seller, the property in the goods thereupon passes to the buyer. Such assent may be express or implied, and may be given either before or after the appropriation is made.

Delivery to carrier.

(*2*) Where, in pursuance of the contract, the seller delivers the goods to the buyer or to a carrier or other bailee (whether named by the buyer or not) for the purpose of transmission to the buyer, and does not reserve the right of disposal, he is deemed to have unconditionally appropriated the goods to the contract.

Goods sent on approval or "on sale or return."

24. When goods are delivered to the buyer on approval or "on sale or return" or other similar terms, the property therein passes to the buyer—

(*a*) when he signifies his approval or acceptance to the seller or does any other act adopting the transaction;

(*b*) if he does not signify his approval or acceptance to the seller but retains the goods without giving notice of rejection, then, if a time has been fixed for the return of the goods, on the expiration of such time, and, if no time has been fixed, on the expiration of a reasonable time.

Reservation of right of disposal.

25. (*1*) Where there is a contract for the sale of specific goods or where goods are subsequently appropriated to the contract, the seller may, by the terms of the contract or appropriation, reserve the right of disposal of the goods until certain conditions are fulfilled. In such case, notwithstanding the delivery of the goods to a buyer, or to a carrier or other bailee for the purpose of transmission to the buyer, the property in the goods does not pass to the buyer until the conditions imposed by the seller are fulfilled.

(*2*) Where goods are shipped and by the bill of lading the goods are deliverable to the order of the seller or his agent, the seller is *prima facie* deemed to reserve the right of disposal.

(*3*) Where the seller of goods draws on the buyer for the price and transmits the bill of exchange and bill of lading to the buyer together, to secure acceptance or payment of the bill of exchange, the buyer is bound to return the bill of lading if he does not honour the bill of exchange and if he wrongfully retains the bill of lading the property in the goods does not pass to him.

Risk *prima facie* passes with property.

26. Unless otherwise agreed, the goods remain at the seller's risk until the property therein is transferred to the buyer, but when the property therein is transferred to the buyer, the goods are at the buyer's risk whether delivery has been made or not:

Provided that, where delivery has been delayed through the fault of either buyer or seller, the goods are at the risk of the party in fault as regards any loss which might not have occurred but for such fault:

Provided also that nothing in this section shall affect the duties or liabilities of either seller or buyer as a bailee of the goods of the other party.

Transfer of title.

Sale by person not the owner.

27. Subject to the provisions of this Act and of any other law for the time being in force, where goods are sold by a person who is not the owner thereof and who does not sell them under the authority or with the consent of the owner, the buyer acquires no better title to the goods than the seller had, unless the owner of the goods is by his conduct precluded from denying the seller's authority to sell:

Provided that, where a mercantile agent is, with the consent of the owner, in possession of the goods or of a document of title to the goods; any sale made by him, when acting in the ordinary course of business of a mercantile agent, shall be as valid as if he were expressly authorised by the owner of the goods to make the same; provided that the buyer acts in good faith and has not at the time of the contract of sale notice that the seller has not authority to sell.

Sale by one of joint owners.

28. If one of several joint owners of goods has the sole possession of them by permission of the co-owners, the property in the goods is transferred to any person who buys them of such joint owner in good faith and has not at the time of the contract of sale notice that the seller has not authority to sell.

Sale by person in possession under voidable contract.

29. When the seller of goods has obtained possession thereof under a contract voidable under section 19 or section 19A of the Indian Contract Act, 1872, but the contract has not been rescinded at the time of the sale, the buyer acquires a good title to the goods, provided he buys them in good faith and without notice of the seller's defect of title.

IX of 1872.

Seller or buyer in possession after sale.

30. (*1*) Where a person, having sold goods, continues or is in possession of the goods or of the documents of title to the goods, the delivery or transfer by that person or by a mercantile agent acting for him, of the goods or documents of title under any sale, pledge or other disposition thereof to any person receiving the same in good faith and without notice of the previous sale shall have the same effect as if the person making the delivery or transfer were expressly authorised by the owner of the goods to make the same.

(*2*) Where a person, having bought or agreed to buy goods, obtains, with the consent of the seller, possession of the goods or the documents of title to the goods, the delivery or transfer by that person or by a mercantile agent acting for him, of the goods or documents of title under any sale, pledge or other disposition thereof to any person receiving the same in good faith and without notice of any lien or other right of the original seller in respect of the goods shall have effect as if such lien or right did not exist.

CHAPTER IV.

PERFORMANCE OF THE CONTRACT.

Duties of seller and buyer.

31. It is the duty of the seller to deliver the goods and of the buyer to accept and pay for them, in accordance with the terms of the contract of sale.

Payment and delivery are concurrent conditions.

32. Unless otherwise agreed, delivery of the goods and payment of the price are concurrent conditions, that is to say, the seller shall be ready and willing to give possession of the goods to the buyer in exchange for the price, and the buyer shall be ready and willing to pay the price in exchange for possession of the goods.

Delivery.

33. Delivery of goods sold may be made by doing anything which the parties agree shall be treated as delivery or which has the effect of putting the goods in the possession of the buyer or of any person authorised to hold them on his behalf.

Effect of part delivery.

34. A delivery of part of goods, in progress of the delivery of the whole, has the same effect, for the purpose of passing the property in such goods, as a delivery of the whole; but a delivery of part of the goods, with an intention of severing it from the whole, does not operate as a delivery of the remainder.

Buyer to apply for delivery.

35. Apart from any express contract, the seller of goods is not bound to deliver them until the buyer applies for delivery.

Rules as to delivery.

36. (*1*) Whether it is for the buyer to take possession of the goods or for the seller to send them to the buyer is a question depending in each case on the contract, express or implied, between the parties. Apart from any such contract, goods sold are to be delivered at the place at which they are at the time of the sale, and goods agreed to be sold are to be delivered at the place at which they are at the time of the agreement to sell, or, if not then in existence, at the place at which they are manufactured or produced.

(*2*) Where under the contract of sale the seller is bound to send the goods to the buyer, but no time for sending them is fixed, the seller is bound to send them within a reasonable time.

(*3*) Where the goods at the time of sale are in the possession of a third person, there is no delivery by seller to buyer unless and until such third person acknowledges to the buyer that he holds the goods on his behalf:

Provided that nothing in this section shall affect the operation of the issue or transfer of any document of title to goods.

(*4*) Demand or tender of delivery may be treated as ineffectual unless made at a reasonable hour. What is a reasonable hour is a question of fact.

(*5*) Unless otherwise agreed, the expenses of and incidental to putting the goods into a deliverable state shall be borne by the seller.

Delivery of wrong quantity.

37. (*1*) Where the seller delivers to the buyer a quantity of goods less than he contracted to sell, the buyer may reject them, but if the buyer accepts the goods so delivered he shall pay for them at the contract rate.

(*2*) Where the seller delivers to the buyer a quantity of goods larger than he contracted to sell, the buyer may accept the goods included in the contract and reject the rest, or he may reject the whole. If the buyer accepts the whole of the goods so delivered, he shall pay for them at the contract rate.

(*3*) Where the seller delivers to the buyer the goods he contracted to sell mixed with goods of a different description not included in the contract, the buyer may accept the goods which are in accordance with the contract and reject the rest, or may reject the whole.

(*4*) The provisions of this section are subject to any usage of trade, special agreement or course of dealing between the parties.

Instalment deliveries.

38. (*1*) Unless otherwise agreed, the buyer of goods is not bound to accept delivery thereof by instalments.

(*2*) Where there is a contract for the sale of goods to be delivered by stated instalments which are to be separately paid for, and the seller makes no delivery or defective delivery in respect of one or more instalments, or the buyer neglects or refuses to take delivery of or pay for one or more instalments, it is a question in each case depending on the terms of the contract and the circumstances of the case, whether the breach of contract is a repudiation of the whole contract, or whether it is a severable breach giving rise to a claim for compensation, but not to a right to treat the whole contract as repudiated.

Delivery to carrier or wharfinger.

39. (*1*) Where, in pursuance of a contract of sale, the seller is authorised or required to send the goods to the buyer, delivery of the goods to a carrier, whether named by the buyer or not, for the purpose of transmission to the buyer, or delivery of the goods to a wharfinger for safe custody, is *prima facie* deemed to be a delivery of the goods to the buyer.

(2) Unless otherwise authorised by the buyer, the seller shall make such contract with the carrier or wharfinger on behalf of the buyer as may be reasonable having regard to the nature of the goods and the other circumstances of the case. If the seller omits so to do, and the goods are lost or damaged in course of transit or whilst in the custody of the wharfinger, the buyer may decline to treat the delivery to the carrier or wharfinger as a delivery to himself, or may hold the seller responsible in damages.

(3) Unless otherwise agreed, where goods are sent by the seller to the buyer by a route involving sea transit, in circumstances in which it is usual to insure, the seller shall give such notice to the buyer as may enable him to insure them during their sea transit, and if the seller fails so to do, the goods shall be deemed to be at his risk during such sea transit.

Risk where goods are delivered at distant place.

40. Where the seller of goods agrees to deliver them at his own risk at a place other than that where they are when sold, the buyer shall, nevertheless, unless otherwise agreed, take any risk of deterioration in the goods necessarily incident to the course of transit.

Buyer's right of examining the goods.

41. (1) Where goods are delivered to the buyer which he has not previously examined, he is not deemed to have accepted them unless and until he has had a reasonable opportunity of examining them for the purpose of ascertaining whether they are in conformity with the contract.

(2) Unless otherwise agreed, when the seller tenders delivery of goods to the buyer, he is bound, on request, to afford the buyer a reasonable opportunity of examining the goods for the purpose of ascertaining whether they are in conformity with the contract.

Acceptance.

42. The buyer is deemed to have accepted the goods when he intimates to the seller that he has accepted them, or when the goods have been delivered to him and he does any act in relation to them which is inconsistent with the ownership of the seller, or when, after the lapse of a reasonable time, he retains the goods without intimating to the seller that he has rejected them.

Buyer not bound to return rejected goods.

43. Unless otherwise agreed, where goods are delivered to the buyer and he refuses to accept them, having the right so to do, he is not bound to return them to the seller, but it is sufficient if he intimates to the seller that he refuses to accept them.

Liability of buyer for neglecting or refusing delivery of goods.

44. When the seller is ready and willing to deliver the goods and requests the buyer to take delivery, and the buyer does not within a reasonable time after such request take delivery of the goods, he is liable to the seller for any loss occasioned by his neglect or refusal to take delivery, and also for a reasonable charge for the care and custody of the goods:

Provided that nothing in this section shall affect the rights of the seller where the neglect or refusal of the buyer to take delivery amounts to a repudiation of the contract.

CHAPTER V.

RIGHTS OF UNPAID SELLER AGAINST THE GOODS.

"Unpaid seller" defined.

45. (1) The seller of goods is deemed to be an "unpaid seller" within the meaning of this Act—

(a) when the whole of the price has not been paid or tendered;

(b) when a bill of exchange or other negotiable instrument has been received as conditional payment, and the condition on which it was received has not been fulfilled by reason of the dishonour of the instrument or otherwise.

(2) In this Chapter, the term "seller" includes any person who is in the position of a seller, as, for instance, an agent of the seller to whom the bill of lading has been indorsed, or a consignor or agent who has himself paid, or is directly responsible for, the price.

Unpaid seller's rights.

46. (*1*) Subject to the provisions of this Act and of any law for the time being in force, notwithstanding that the property in the goods may have passed to the buyer, the unpaid seller of goods, as such, has by implication of law—

(*a*) a lien on the goods for the price while he is in possession of them;

(*b*) in case of the insolvency of the buyer a right of stopping the goods in transit after he has parted with the possession of them;

(*c*) a right of resale as limited by this Act.

(*2*) Where the property in goods has not passed to the buyer, the unpaid seller has, in addition to his other remedies, a right of withholding delivery similar to and co-extensive with his rights of lien and stoppage in transit where the property has passed to the buyer.

Unpaid seller's lien.

Seller's lien.

47. (*1*) Subject to the provisions of this Act, the unpaid seller of goods who is in possession of them is entitled to retain possession of them until payment or tender of the price in the following cases, namely:—

(*a*) where the goods have been sold without any stipulation as to credit;

(*b*) where the goods have been sold on credit, but the term of credit has expired;

(*c*) where the buyer becomes insolvent.

(*2*) The seller may exercise his right of lien notwithstanding that he is in possession of the goods as agent or bailee for the buyer.

Part delivery.

48. Where an unpaid seller has made part delivery of the goods, he may exercise his right of lien on the remainder, unless such part delivery has been made under such circumstances as to show an agreement to waive the lien.

Termination of lien.

49. (*1*) The unpaid seller of goods loses his lien thereon—

(*a*) when he delivers the goods to a carrier or other bailee for the purpose of transmission to the buyer without reserving the right of disposal of the goods;

(*b*) when the buyer or his agent lawfully obtains possession of the goods;

(*c*) by waiver thereof.

(*2*) The unpaid seller of goods, having a lien thereon, does not lose his lien by reason only that he has obtained a decree for the price of the goods.

Stoppage in transit.

Right of stoppage in transit.

50. Subject to the provisions of this Act, when the buyer of goods becomes insolvent, the unpaid seller who has parted with the possession of the goods has the right of stopping them in transit, that is to say, he may resume possession of the goods as long as they are in the course of transit, and may retain them until payment or tender of the price.

Duration of transit

51. (*1*) Goods are deemed to be in course of transit from the time when they are delivered to a carrier or other bailee for the purpose of transmission to the buyer, until the buyer or his agent in that behalf takes delivery of them from such carrier or other bailee.

(*2*) If the buyer or his agent in that behalf obtains delivery of the goods before their arrival at the appointed destination, the transit is at an end.

(*3*) If, after the arrival of the goods at the appointed destination, the carrier or other bailee acknowledges to the buyer or his agent that he holds the goods on his behalf and continues in possession of them as bailee for the buyer or his agent, the transit is at an end and it is immaterial that a further destination for the goods may have been indicated by the buyer.

(*4*) If the goods are rejected by the buyer and the carrier or other bailee continues in possession of them, the transit is not deemed to be at an end, even if the seller has refused to receive them back.

(*5*) When goods are delivered to a ship chartered by the buyer, it is a question depending on the circumstances of the particular case, whether they are in the possession of the master as a carrier or as agent of the buyer.

(*6*) Where the carrier or other bailee wrongfully refuses to deliver the goods to the buyer or his agent in that behalf, the transit is deemed to be at an end.

(*7*) Where part delivery of the goods has been made to the buyer or his agent in that behalf, the remainder of the goods may be stopped in transit, unless such part delivery has been given in such circumstances as to show an agreement to give up possession of the whole of the goods.

How stoppage in transit is effected.

52. (*1*) The unpaid seller may exercise his right of stoppage in transit either by taking actual possession of the goods, or by giving notice of his claim to the carrier or other bailee in whose possession the goods are. Such notice may be given either to the person in actual possession of the goods or to his principal. In the latter case the notice, to be effectual, shall be given at such time and in such circumstances that the principal by the exercise of reasonable diligence, may communicate it to his servant or agent in time to prevent a delivery to the buyer.

(*2*) When notice of stoppage in transit is given by the seller to the carrier or other bailee in possession of the goods, he shall re-deliver the goods to, or according to the directions of, the seller. The expenses of such re-delivery shall be borne by the seller.

Transfer by buyer and seller.

Effect of sub-sale or pledge by buyer.

53. (*1*) Subject to the provisions of this Act, the unpaid seller's right of lien or stoppage in transit is not affected by any sale or other disposition of the goods which the buyer may have made, unless the seller has assented thereto:

Provided that where a document of title to goods has been issued or lawfully transferred to any person as buyer or owner of the goods, and that person transfers the document to a person who takes the document in good faith and for consideration, then, if such last mentioned transfer was by way of sale, the unpaid seller's right of lien or stoppage in transit is defeated, and, if such last mentioned transfer was by way of pledge or other disposition for value, the unpaid seller's right of lien or stoppage in transit can only be exercised subject to the rights of the transferee.

(*2*) Where the transfer is by way of pledge, the unpaid seller may require the pledgee to have the amount secured by the pledge satisfied in the first instance, as far as possible, out of any other goods or securities of the buyer in the hands of the pledgee and available against the buyer.

Sale not generally rescinded by lien or stoppage in transit.

54. (*1*) Subject to the provisions of this section, a contract of sale is not rescinded by the mere exercise by an unpaid seller of his right of lien or stoppage in transit.

(*2*) Where the goods are of a perishable nature, or where the unpaid seller who has exercised his right of lien or stoppage in transit gives notice to the buyer of his intention to re-sell, the unpaid seller may, if the buyer does not within a reasonable time pay or tender the price, re-sell the goods within a reasonable time and recover from the original buyer damages for any loss occasioned by his breach of contract, but the buyer shall not be entitled to any profit which may occur on the re-sale. If such notice is not given, the unpaid seller shall not be entitled to recover such damages and the buyer shall be entitled to the profit, if any, on the re-sale.

(*3*) Where an unpaid seller who has exercised his right of lien or stoppage in transit re-sells the goods, the buyer acquires a good title thereto as against the original buyer, notwithstanding that no notice of the re-sale has been given to the original buyer.

(*4*) Where the seller expressly reserves a right of re-sale in case the buyer should make default, and, on the buyer making default, re-sells the goods, the original contract of sale is thereby rescinded, but without prejudice to any claim which the seller may have for damages.

CHAPTER VI.

SUITS FOR BREACH OF THE CONTRACT.

Suit for price.

55. (*1*) Where under a contract of sale the property in the goods has passed to the buyer and the buyer wrongfully neglects or refuses to pay for the goods according to the terms of the contract, the seller may sue him for the price of the goods.

(*2*) Where under a contract of sale the price is payable on a day certain irrespective of delivery and the buyer wrongfully neglects or refuses to pay such price, the seller may sue him for the price although the property in the goods has not passed and the goods have not been appropriated to the contract.

Damages for non-acceptance.

56. Where the buyer wrongfully neglects or refuses to accept and pay for the goods, the seller may sue him for damages for non-acceptance.

Damages for non-delivery.

57. Where the seller wrongfully neglects or refuses to deliver the goods to the buyer, the buyer may sue the seller for damages for non-delivery.

Specific performance.

58. Subject to the provisions of Chapter II of the Specific Relief Act, 1877, in any suit for breach of contract to deliver specific or ascertained goods, the Court may, if it thinks fit, on the application of the plaintiff, by its decree direct that the contract shall be performed specifically, without giving the defendant the option of retaining the goods on payment of damages. The decree may be unconditional, or upon such terms and conditions as to damages, payment of the price or otherwise, as the Court may deem just, and the application of the plaintiff may be made at any time before the decree.

I of 1877.

Remedy for breach of warranty.

59. (*1*) Where there is a breach of warranty by the seller, or where the buyer elects or is compelled to treat any breach of a condition on the part of the seller as a breach of warranty, the buyer is not by reason only of such breach of warranty entitled to reject the goods; but he may—

(*a*) set up against the seller the breach of warranty in diminution or extinction of the price; or

(*b*) sue the seller for damages for breach of warranty.

(*2*) The fact that a buyer has set up a breach of warranty in diminution or extinction of the price does not prevent him from suing for the same breach of warranty if he has suffered further damage.

Repudiation of contract before due date.

60. Where either party to a contract of sale repudiates the contract before the date of delivery, the other may either treat the contract as subsisting and wait till the date of delivery, or he may treat the contract as rescinded and sue for damages for the breach.

Interest by way of damages and special damages.

61. (*1*) Nothing in this Act shall affect the right of the seller or the buyer to recover interest or special damages in any case where by law interest or special damages may be recoverable, or to recover the money paid where the consideration for the payment of it has failed.

(*2*) In the absence of a contract to the contrary, the Court may award interest at such rate as it thinks fit on the amount of the price—

(*a*) to the seller in a suit by him for the amount of the price—from the date of the tender of the goods or from the date on which the price was payable;

(*b*) to the buyer in a suit by him for the refund of the price in a case of a breach of the contract on the part of the seller—from the date on which the payment was made.

CHAPTER VII.

MISCELLANEOUS.

Exclusion of implied terms and conditions.

62. Where any right, duty or liability would arise under a contract of sale by implication of law, it may be negatived or varied by express agreement or by the course of dealing between the parties, or by usage, if the usage is such as to bind both parties to the contract.

Reasonable time a question of fact.

63. Where in this Act any reference is made to a reasonable time, the question what is a reasonable time is a question of fact.

Auction sale.

64. In the case of a sale by auction—

(*1*) where goods are put up for sale in lots, each lot is *prima facie* deemed to be the subject of a separate contract of sale;

(*2*) the sale is complete when the auctioneer announces its completion by the fall of the hammer or in other customary manner; and, until such announcement is made, any bidder may retract his bid;

(*3*) a right to bid may be reserved expressly by or on behalf of the seller and, where such right is expressly so reserved, but not otherwise, the seller or any one person on his behalf may, subject to the provisions hereinafter contained, bid at the auction;

(*4*) where the sale is not notified to be subject to a right to bid on behalf of the seller, it shall not be lawful for the seller to bid himself or to employ any person to bid at such sale, or for the auctioneer knowingly to take any bid from the seller or any such person; and any sale contravening this rule may be treated as fraudulent by the buyer;

(*5*) the sale may be notified to be subject to a reserved or upset price;

(*6*) if the seller makes use of pretended bidding to raise the price, the sale is voidable at the option of the buyer.

Repeal.

65. Chapter VII of the Indian Contract Act, 1872, is hereby repealed. IX of 1872.

Savings.

66. (*1*) Nothing in this Act or in any repeal effected thereby shall affect or be deemed to affect—

And the terms of any agreement or license concluded between the applicant or patentee and any person other than such officers or authorities, shall be inoperative so far as concerns the making, use or exercise of the invention for the service of the Crown.

The Court, referee, or arbitrator, as the case may be, may, with the consent of the parties, take into consideration the validity of the patent for the purposes only of the reference and for the determination of the issues between the applicant or patentee and such officers or authorities. The Court, referee, or arbitrator, further, in settling the terms as aforesaid, shall be entitled to take into consideration any benefit or compensation which the applicant or patentee, or any other person interested in the patent, may have received directly or indirectly from the Crown or from such officers or authorities in respect of such patent:

(*3*) Where any such assignment has been made, the Governor General in Council may, at any time before the publication of the specification, certify to the Controller that, in the interest of the public service, the particulars of the invention and of the manner in which it is to be performed should be kept secret.

(*7*) On the expiration of the term of the patent, the sealed packet shall be delivered to the Governor General in Council.

(*9*) No proceeding by petition or otherwise shall lie for revocation of a patent granted for an invention in relation to which a certificate has been given by the Governor General in Council as aforesaid.

(*10*) No copy of any specification or other document or drawing, by this section required to be placed in a sealed packet, shall in any manner whatever be published or open to the inspection of the public, but, save as otherwise provided in this section, the provisions of this Act shall apply in respect of any such invention and patent as aforesaid.

(*11*) The Governor General in Council may at any time waive the benefit of this section with respect to any particular invention, and the specifications, documents and drawing shall be thenceforth kept and dealt with in the ordinary way.

(*12*) The communication of any invention for any improvement in instruments or munitions of war to the Secretary of State for India in Council or the Governor General in Council or to any person or persons authorised by the Secretary of State for India in Council or the Governor General in Council to investigate the same or the merits thereof, shall not, nor shall anything done for the purposes of the investigation, be deemed use or publication of such invention so as to prejudice the grant or validity of any patent for the same."

(*1*) Where the Income-tax Officer is satisfied that any firm or other association of individuals carrying on any business, other than a Hindu undivided family or a company, is under the control of one member thereof, and that such firm or association has been formed or is being used for the purpose of evading or reducing the liability to tax of any member thereof, he may, with the previous approval of the Assistant Commissioner, pass an order that the sum payable as income-tax by the firm or association shall not be determined, and thereupon the share of each member in the profits and gains of the firm or association shall be included in his total income for the purpose of his assessment thereon.

Explanation.—A member of a firm or association who owns the whole or the major portion of the capital of the firm or association shall not by reason only of that fact be deemed to control the firm or association.

(2) Where the Income-tax Officer is satisfied that a company is under the control of not more than five of its members and that its profits and gains are allowed to accumulate beyond its reasonable needs, existing and contingent, having regard to the maintenance and development of its business, without being distributed to the members, or that a reasonable part of its profits and gains, having regard to the said needs, has not been distributed to its members in such manner as to render the amount distributed liable to be included in their total income, and that such accumulation or failure to distribute is for the purpose of preventing the imposition of tax upon any of the members in respect of their shares in the profits and gains so accumulated or not distributed, the Income-tax Officer may, with the previous approval of the Assistant Commissioner, pass an order that the sum payable as income-tax by the company shall not be determined, and thereupon the proportionate share of each member in the profits and gains of the company, whether such profits and gains have been distributed to the members or not, shall be included in the total income of such member for the purpose of his assessment thereon:

Provided that this sub-section shall not apply to any company which is a subsidiary company or in which the public are substantially interested.

Explanation.—For the purpose of this sub-section,—

(*a*) a company shall be deemed to be a subsidiary company if, by reason of the beneficial ownership of shares therein, the control of the company is in the hands of a company not being a company to which the provisions of this sub-section apply or of two or more companies none of which is a company to which those provisions apply;

(*b*) a company shall be deemed to be a company in which the public are substantially interested if shares of the company (not being shares entitled to a fixed rate of dividend, whether with or without a further right to participate in profits) carrying not less than twenty-five per cent. of the voting power have been allotted unconditionally to, or acquired unconditionally by, and are at the end of the previous year beneficially held by, the public (not including a company to which the provisions of this sub-section apply), and if any such shares have in the course of such previous year been the subject of dealings in any stock exchange in British India or are in fact freely transferable by the holders to other members of the public;

(*c*) unless the contrary is proved, a company shall be deemed to be under the control of any persons where the majority of the voting power or shares is in the hands of those persons or of relatives or nominees of those persons;

(*d*) "nominee" means a person who may be required to exercise his voting power on the directions of, or holds shares directly or indirectly on behalf of, another person.

(*3*) The Assistant Commissioner shall not give his approval to any order proposed to be passed by the Income-tax Officer under this section until he has given the firm, association or company concerned an opportunity of being heard.

(*4*) (*i*) Where any member of a firm or association of individuals makes default in the payment of tax on his share of profits and gains which has been included in his total income under the provisions of sub-section (*1*), such tax may be recovered from the firm or association, as the case may be.

(*ii*) Where the proportionate share of any member of a company in the undistributed profits and gains of the company has been included in his total income under the provisions of sub-section (2), the tax payable in respect thereof shall be recoverable from the company and may be recovered from such member, if there are not sufficient funds in the hands of the company to pay the tax, or if the winding up of the company has commenced.

(iii) Where tax is recoverable from a company, firm or other association under this sub-section, a notice of demand shall be served upon it in the prescribed form showing the sum so payable, and such company, firm or association shall be deemed to be the assessee in respect of such sum, for the purposes of Chapter VI.

(5) Where tax has been paid in respect of any undistributed profits and gains of a company under this section, and such profits and gains are subsequently distributed in any year, the proportionate share therein of any member of the company shall be excluded in computing his total income of that year."

5. After section 26 of the said Act the following section shall be inserted, namely:—

Procedure in registration of firms.

"26A. (2) If the Income-tax Officer, the Assistant Commissioner or the Commissioner, in the course of any proceedings under this Act, is satisfied that the profits of a registered firm have been distributed otherwise than in accordance with the shares of the partners as shown in the instrument of partnership registered under this Act governing such distribution, and that any partner has thereby returned his income below its real amount, he may direct that such partner shall, in addition to the income-tax payable by him, pay by way of penalty a sum not exceeding the amount of income-tax which has been avoided, or would have been avoided if the income returned by such partner had been accepted as his correct income; and no refund or other adjustment shall be claimable by any other partner by reason of such direction.

(3) No order shall be made under sub-section (1) or sub-section (2), unless the assessee or partner, as the case may be, has been heard, or has been given a reasonable opportunity of being heard.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 18th March, 1930:—

COUNCIL OF STATE BILL No. 6 OF 1930.

A Bill to amend the Child Marriage Restraint Act, 1929.

WHEREAS it is expedient that due provision should be made for those cases in which parents or guardians may, by reason of their conscience or exceptional family circumstances, have to marry their children or wards before they have attained, if a male, eighteen years of age, or if a female, fourteen years of age; It is hereby enacted as follows:—

1. (*1*) This Act may be called the Child Marriage Restraint Amendment Act, 1930.

(*2*) It shall extend to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force from the 1st day of , 19 .

2. Whoever, being the parent or the guardian of either of the contracting parties, has obtained an order from the principal Civil Court of original jurisdiction where the said parent or guardian, or either of the contracting parties, resides, permitting him to solemnise a marriage between the parties, both or one of whom are yet children, shall be allowed to proceed with their, or his, or her marriage, as the case may be.

3. The parent or the guardian or either of the contracting parties performing a marriage in the circumstances described in section 2 shall be exempt from the punishment provided for in the Child Marriage Restraint Act, 1929.

XIX of 1929.

STATEMENT OF OBJECTS AND REASONS.

The Child Marriage Restraint Act has made no provision whatsoever for cases where for the sake of conscience the parent or the guardian of a child may insist upon performing his or her marriage before the statutory age. Nor has the Act provided for instances where a marriage of a child may have to be solemnised by reason of certain peculiarly exceptional circumstances. It is therefore incumbent upon Legislature to provide for those cases in such an important legislation as affects marital ties. The object of the Bill is to include within the ordinary category cases which are actuated by pure conscience or are the outcome of exceptional family circumstances.

RESOLUTION ON THE WORKING OF UNION BOARDS FOR THE YEAR 1928-29.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

Local Self-Government.

CALCUTTA, THE 5TH MAY 1930.

RESOLUTION No. 1707L.S.-G.

Minister-in-charge: The Hon'ble Kumar Shib Shekhareswar Ray.

Resolution on the working of Union Boards for the year 1928-29.

Number of Union Boards.

With the rapid increase in the number of Union Boards in the last two years it has been found impossible to include reference to these bodies in the Resolution on District Boards as was previously the practice. The difficulty of obtaining and compiling statistics from 4,000 village authorities has resulted in delays which it is hoped to overcome by evolving a smoother routine.

In the Resolution for 1927-28 attention was drawn to the remarkable increase from 2,260 to 3,005 union boards. Progress in 1928-29 surpasses even these figures, the total number of union boards rising to 4,089. There can be little doubt that, though the maximum has by no means been reached the year 1928-29 will represent the sharpest upward movement, and that the curve of annual increase of union boards will now flatten out as completion of the system is approached. The districts to which the increase was mainly attributable were Dacca, Mymensingh in Eastern Bengal, all districts in the Presidency Division except Nadia, and the districts of Dinajpur, Pabna and Malda. In these three districts and in Murshidabad district union boards made their appearance for the first time.

Union Board franchise and elections.

Union Boards are a school of franchise in which the voters on the electoral roll now number 2,293,000; and the importance of the movement in thus extending electoral consciousness to the masses can hardly be over-estimated. As the number of members was 36,363 each voter has on the average something considerably better than one chance in a hundred of entering on the career of village activities which membership of a union board affords. It is to be feared that the keenest enthusiasm over these elections only makes itself felt where personal feuds lie behind, as is reported in Burdan district; and recourse to the civil courts to thwart the election is an unwelcome feature noticed in the 24-Parganas. But on the whole, taking the average of these very numerous local elections the Commissioners' reports show that they functioned as well as could be expected at this early stage.

Popularity of the Union Board Movement.

It is fair to say that the formation of union boards is now generally welcomed except in localities where there are special influences, such as a political campaign, or the hostility of defeated candidates directed to thwarting the movement. The chief danger, apart from political campaigns, lies in the apprehension so often felt that the Union Board means increased taxation. Here and there perhaps the over enthusiasm of supporters of the movement, anxious to see the powers of taxation for improvement made early use of by the new boards, may have contributed to these apprehensions. Any such reaction is to be avoided, and the policy of Government would be rather to let a union board find its own specific needs and then have recourse to section 37 (*b*) of the Act to meet them, than to encourage recourse to this section in order to raise funds for comparatively aimless improvements, the need for which has not yet been appreciated by the villagers contributing to the cost.

Financial Statistics.

The total receipts of Union Boards, excluding opening balances, amounted to Rs. 71,42,000 of which Rs. 53,80,000 was realized on account of the union rate, Rs. 2,29,000 as rents of Chaukidari Chakran lands, Rs. 1,73,000 from pounds and ferries and Rs. 1,14,000 and Rs. 3,37,000 as grants from the District Board respectively under sections 33 and 45 of the Village Self-Government Act.

These figures leave a clear balance of nearly twenty-three lakhs spent by village authorities for the miscellaneous purposes of the Act such as communications, public health and medical relief, water-supply and education. No more striking criterion could be found of the progress made in a single decade in the field of village self-government in Bengal.

Individual Activities of Union Boards.

To those acquainted with Union Board work one of its most noticeable features is the growing touch of individuality which marks so many of these local authorities as their resources and activities expand; and the Minister is glad to find mention of some of the more prominent among them in the Commissioners' reports. In the Burdwan District the Panchra Union Board sank tube wells, reserved tanks and maintained an irrigation channel. The Simulia Union Board opened a dispensary and there are now no less than twenty-one union board dispensaries in this district.

In Birbhum District the Narayanpur and Kusumba Union Boards co operated in the construction of a road with a bridge costing Rs. 1,800. In the Bogra District the Union Boards of Rukindipur and Santahar are specially mentioned for their dispensary services.

Some of the larger union boards show a budget exceeding that of the smaller municipalities. Rampurhat Union Board, for instance, having an assessment list under section 37(*b*) of the Act alone, apart from its chaukidary charges, of Rs. 6,700.

Attitude of District Boards.

With the exception of the district of Bankura in which a deliberate campaign against Union Boards was engineered District Boards were well disposed to the Union Board movement and gave them a fair measure of financial support. There is great disparity, however, in the interpretation by different district boards of their obligation under section 45 of the Act to make a "suitable grant" to union boards raising rates under section 37 (*b*) for purposes of improvement. At the one extreme the District Board of the 24-Parganas made grants of Rs. 36,420 as against union rates under section 37(*b*) of only Rs. 17,134, whereas at the other the Faridpur District Board granted only Rs. 19,321 as against union rates of Rs. 1,26,417. No hard and fast rule can be laid down, but clearly some mean should be followed between these two extremes and District Boards might well consider whether, so far as their resources permit, the principle of approximating their grants to one-third of the rate raised under section 37(*b*) (the usual proportion for a Government grant against local contributions), would not form a useful guide. This would not however preclude District Boards from making a grant to a Union Board on account of efficient administration, even when no rate under section 37 (*b*) has been raised, as contemplated by the rules. The total amount paid by District Boards to Union Boards was just over four lakhs, including Rs. 1,14,000 paid to Union Boards under section 33 for the management of institutions and works transferred to them by District Boards. In addition the Union Boards derived from pounds a total income of Rs. 1,70,085 which till recently constituted part of the assets of District Boards. The ultimate problem in the financial relations of District Boards to Union Boards lies in determining the extent to which the former can transfer to the latter assistance drawn from their inelastic sources of revenue without hindering the proper discharge of their own functions.

By order of the Government of Bengal
(Ministry of Local Self-Government),

C. W. GURNER,

Secretary to the Government of Bengal.

No. 1561Edn. — 26th April 1930. — The report on the Bruce Institution for the year 1929 is published for general information.

(*a*) Mr. W. F. Papworth, *vice* Mr. H. A. Stark, resigned.

(*b*) The Revd. Donald S. McKenzie, officiating Archdeacon, *vice* the Ven'ble C. J. Grimes (Archdeacon of Calcutta), resigned. This appointment was a temporary one, and on Archdeacon Grimes' return from leave he was reappointed Governor.

Mr. H. E. Stapleton, officiating Director of Public Instruction, Bengal, acted as Honorary Secretary of the Bruce Institution throughout the year.

(2) The following were the Governors at the end of the year:—

The Hon'ble the Chief Justice of Bengal (*ex-officio*).

The Most Revd. the Lord Bishop of Calcutta (*ex-officio*).

The Surgeon-General with the Government of Bengal (*ex-officio*).

The Mayor of Calcutta (*ex-officio*).

The Director of Public Instruction, Bengal, Honorary Secretary (*ex-officio*).

The Hon'ble Mr. Justice R. E. Jack, I.C.S.

The Ven'ble John Grimes (Archdeacon of Calcutta).

The Revd. Father F. Keyeux, S.J.

The Revd. E. S. Johnson.

Maurice Remfry, Esq.

W. F. Papworth, Esq. (Inspector of European Schools, Bengal).

Mrs. H. Barton.

II. **Capital and Income.**—The capital of the institution is Rs. 10,46,200 in 3½ per cent. Stock Certificates of the year 1865 which are held by the Controller of Indian Treasuries, while in addition there are temporary investments from savings which stood at the end of the year at Rs. 39,600 (as compared with Rs. 32,600 at the end of 1928). The difference of Rs. 7,000 is due to Rs. 5,000 6 per cent. Bonds of 1930, which had matured, being converted into Rs. 5,200 5 per cent. Loan of 1939-44 and Rs. 300 more of the same loan being purchased (making a total increase of Rs. 500); and to Rs. 9,500 being placed on fixed deposit in November 1929 in the Mercantile Bank of India for three months, as compared with a deposit of only Rs. 3,000 at the end of the previous year. The total interest obtained in 1929 was Rs. 37,930-2-2 (against Rs. 37,828-13-10 in 1928). The total income in 1929 was Rs. 38,186-4-8, including Rs. 256-2-6 by refund, etc., as noted below:—

	Rs.	A.	P.
Refund on account of one ward for half a month	12	8	0
Refund on account of one ward for five months	125	0	0
Refund on conversion of six per cent. Bonds of 1930	82	0	0
Refund on purchase of 5 per cent. Loan of 1939-44 for Rs. 300	7	8	6
Refund of income tax	29	0	0
Total ..	256	2	6

The total income in 1928 was Rs. 37,957-13-10.

The amounts received as interest, etc., were kept with the Imperial Bank of India. During the year the following amounts were transferred to fixed deposit for short periods in order to earn some extra interest: Rs. 6,000 for three months in May 1929 at 3½ per cent. per annum, and Rs. 9,500 in November 1929 for three months at 4 per cent. per annum. The year opened with a balance of Rs. 10,583-3-10 *plus* Rs. 3,000 in fixed deposit, and closed with a gross balance of Rs. 13,328-4-4, of which Rs. 9,500 is in fixed deposit in the Mercantile Bank of India. The nett closing balance therefore was Rs. 3,828-4-4.

During the year it was found necessary to remove six more wards on account of unsatisfactory work, with the result that, for the first time for four years, there was a slight decrease in the total number of wards on the 31st December, as will be seen from the table below:—

It will be seen from this summary that, in consequence of various measures taken by the Governors during the year, expenditure was kept within income and the financial condition of the institution considerably improved.

Four of the above mentioned total of 105 wards left at the end of the year, so that at the time of writing (4th March 1930) there were actually 101+10 new wards, *i.e.*, 111 wards on the rolls, as compared with 116 on the 12th March 1928.

III. **Election to vacancies, etc.**—(1) The annual election of wards was held on Monday, 2nd December 1929. There were actually 18 vacancies, but, in consideration of the financial position of the Trust, the Governors decided to advertise eight vacancies only, and 51 applications were received. These were considered by a sub-committee consisting of (1) The Revd. Donald S. McKenzie, (2) The Revd. Father F. Keyeux, S.J., (3) The Revd. E. S. Johnson, (4) Mr. Maurice Remfry and (5) Mrs. H. Barton, and, on their recommendation, eight girls were elected, while two were kept as reserves for future vacancies. These two girls were eventually taken in, as it was found that the budget would be able to bear the charge. Of the ten girls thus elected (against 12 in the previous year), four were placed in the Loreto Convent, Entally, two in the Calcutta Girls' High School, one in St. Thomas' School, Kidderpore, one in the Loreto Convent, Asansol, and two in the Pratt Memorial School.

Favourable medical and school reports were received regarding the twelve wards elected in January 1929, and accordingly their admission as wards was confirmed by the Governors at their meeting held on the 2nd December 1929.

(2) Of the 18 wards withdrawn during the year under report, four had attained the age of 17, six were removed from school on account of unsatisfactory progress, seven on the expiry of the extensions granted to them, and one left on account of ill health.

(3) Of the 13 girls who had been withdrawn during the year 1928, five were removed on account of unsatisfactory progress and one for insubordination and misconduct. Of the remaining seven, one left for Rangoon, while the address of two others could not be traced. The fourth joined the Campbell Medical School and Hospital and passed the Primary Licentiate Examination of the State Faculty of Bengal and is now reading in the 2nd year class. The Superintendent (Major Mukherjee, I.M.S.) reports that she is a regular and studious girl. It will take her another three years to complete the full course. The fifth, after leaving school, has been seeking employment, while the sixth, who is still under age, is waiting to be trained as a nurse. The seventh girl, who had left school at the age of 18, joined the Calcutta Girls' School as a pupil teacher.

(4) At the close of the year, the 105 wards on the rolls were distributed as follows:—

Loreto Convent, Entally—	
1st Boarding	32
2nd do.	10
Calcutta Girls' School	17
Pratt Memorial School	2
St. Thomas' School, Kidderpore	12
St. Paul's Mission Home	9
Old Church Parochial Home	4
Loreto Convent, Asansol	13
St. Mary's Convent, Naini Tal	1
Dow Hill Girls' School, Kurseong	1
Queen's Hill Girls' School, Darjeeling ..	2
Bishop Westcott's Girls' School, Ranchi ..	1
Wynberg School, Mussoorie	1
Total	105

(5) The following table gives particulars as to the class and religion of the wards at the close of the year:—

Class.	Roman Catholic.	Church of England.	Non-Conformist.	Total.
Orphans or deserted by their parents	18	10	..	28
Fatherless or motherless or deserted by their father or mother	35	16	11	62
Those who have both parents alive	12	2	1	15
Total ..	65	28	12	105

(6) With the exception of one ward at St. Paul's School and one ward in the Calcutta Girls' School, the general health of the girls on the Foundation was on the whole satisfactory. Four girls suffering with defective sight were supplied with spectacles. Those wards whose teeth required attention duly received it.

IV. **Education and maintenance.**—(1) The nature of the education generally imparted to the wards is that prescribed for a higher grade school under the Code of Regulations for European Schools in Bengal, but in a few cases also that for secondary and primary schools.

(2) The Governors are anxious that their wards should become useful citizens when they leave school and have accordingly asked the Visting Governors to make, in consultation with the school authorities, definite proposals, where this seems desirable, for training wards who have attained or are about to attain the age of 14, so that the last three years of their school life may be spent to the best advantage, and be a preparation for earning a living. A circular on this point was issued last year to the heads of schools where Bruce wards are educated.

(3) During the year under review, one ward passed the I.A. Examination in the first division, one the Junior Cambridge Examination with credit, and one the Higher Grade School Final Examination in Domestic Science, with distinction in Needle-work and Home-nursing. One ward obtained a certificate in the Lower Division Musical Examination of the Royal Academy in Pianoforte and Theory—Divsion II., one passed the Higher Grade School Final Examination (Commercial course), and two others obtained the junior certificate, St. John's Ambulance First Aid.

(4) Under the rules, a ward is not ordinarily allowed to remain on the Foundation after the age of 17, when an outfit grant of Rs. 100 is generally given to enable her to make a start in life. In cases where wards wish to be trained as teachers and have the support of the school authorities, or where some special training is recommended, or when a ward is preparing for a higher examination such as Intermediate Arts or Commercial Course examination, and in the event of the ward being reported on well, some extension of the period of benefit is generally allowed. Four wards were granted extensions during the year under report.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 27-8-3 against Rs. 26-11-0 in 1928 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below:—

1929.	Rs.	A.	P.
Education and maintenance	34,672	8	0
Office establishment	1,001	8	0
Contingencies	95	10	6
Advertisement and printing	307	0	0
Cost of outfits	1,850	0	0
Holiday fees	33	0	0
Other charges	181	9	8
Total	38,141	4	2

1928.	Rs.	A.	P.
Education and maintenance	34,865	0	[illegible]
Office establishment	1,020	13	[illegible]
Contingencies	124	2	[illegible]
Advertisement and printing	152	8	[illegible]
Cost of outfits	1,970	0	[illegible]
Holiday fees	395	0	[illegible]
Other charges	299	8	[illegible]
Total	38,847	0	[illegible]

V. **Inspection.**—The Rev. E. S. Johnson was appointed Visiting Governor for the first half, and Mr. Maurice Remfry for the second half of the year 1929, to visit the schools in Calcutta having Bruce wards. Revd. E. S. Johnson stated that he spoke to each older ward regarding the question of their future, and urged on all of them to give the matter their serious thought. He also stated that he was struck very happily with the interest shown by the heads of the schools in the Bruce wards and believed they are making every effort to co-operate with the Governors in securing the best results. Mr. Remfry reported that he saw all the wards in the different schools and found that they were well-cared for. He found the wards enjoying good health, especially those in the St. Thomas' School, and they seemed happy in their respective schools.

VI. **Meetings.**—Apart from a meeting on 2nd January 1929, deferred from the previous year, four meetings were held during the year, and among the resolutions passed the following may be noted:—

(a) That the following be added to rule 4 of the rules prescribed by the Governors:—

"That the education and maintenance fee for the first month should be paid, as, even if the girl who is absent has left, the fee would be due in lieu of notice."

"That in future a budget for the following year be submitted to the Bruce Governors in September of each year" (to enable the financial position to be understood and decision made as to the number of new Bruce wards to be appointed in the following December).

Calcutta, the 5th May 1930.

With the sanction of the Governor General in Council it is ordered by the High Court of Judicature at Fort William in Bengal under the provisions of section 112 of the Presidency Towns Insolvency Act, 1909, that the amendments and additions hereinafter set forth be made and included in the Calcutta Insolvency Rules, 1910, with effect from the 1st May 1930.

Rule 17.—That this rule be amended by adding thereto the words "The notice of motion shall be in Form No. 1A in the Appendix with such variations as the circumstances may require."

That the following rules to be numbered 35A and 35B be added after rule 35:—

Rule 35A.—When a person is apprehended under a warrant issued under section 36 (2) of the Act, the officer apprehending him shall forthwith bring him before the Court issuing the warrant to the end that he may be examined, and, if he cannot immediately be brought up for examination or examined, the officer shall, unless otherwise ordered by the Court, deliver him into the custody of the Superintendent or Keeper of the prison mentioned in the warrant, and the said Superintendent or Keeper shall receive him into custody and shall produce him before the Court, as it may from time to time direct or order, and, subject to such direction or order, shall safely keep him until such time as the Court may order.

Rule 35B.—The officer executing a warrant issued under section 36 (2) of the Act shall forthwith, after apprehending the person named in the warrant and bringing him before the Court as in the last preceding rule mentioned or after delivering him to the Superintendent or Keeper of the prison in the last preceding rule mentioned, as the case may be, or the party at whose instance such warrant was issued, report such apprehension or delivery to the Court issuing the warrant, and apply to the Court to appoint a day and time for the examination of the person so apprehended, and the Court shall thereupon appoint the earliest practicable day for the examination, and shall issue its direction or order to the said Superintendent or Keeper to produce him for examination at a place and time to be mentioned in such direction or order, or may release him from custody, on his furnishing such security as the Court may order for his attendance for such examination. Notice of any such appointment shall forthwith be given to the Official Assignee by the party who shall have applied for the examination or warrant.

That the following rule to be numbered 37A be added after rule 37:—

Rule 37A.—Any witness (other than the debtor) required to attend for the purpose of being examined, or of producing any document, shall unless otherwise ordered be entitled to the like conduct money and payment for expenses and loss of time as upon attendance at a trial in this Court in its Original Jurisdiction. The Court may at any time of such examination or attendance fix the sum to which the witness is entitled and make an order for the payment thereof by the person upon whose application the witness has been summoned to attend. Such order may direct immediate payment of the sum fixed or any part thereof and may make such payment a condition of the commencement or continuance of the examination of the witness.

That the following rule be added after rule 65:—

Rule 65A.—There shall be a note at the foot of every order for protection of an insolvent in the following terms:—

"NOTE.—Notice is hereby given to the insolvent/insolvents above-named that if he/they fail without reasonable excuse to attend before this Court and/or before the Official Assignee of Calcutta whenever required to do so until he obtains his discharge, this order will be liable to be rescinded."

Such account shall be in the form of a debtor and creditor account (Form No. 21B in the appendix) and shall truly set forth all sums received by the trustee (Form No. 16 in the appendix). The items of each side of the account shall be numbered consecutively, the items on the credit side showing when, to whom and for what purpose such sums were paid, and the account shall be annexed to the affidavit as an exhibit and the vouchers bearing the corresponding numbers shall be made over to the Official Assignee along with the account. The Official Assignee shall examine the account and in writing certify as to whether he is satisfied regarding the correctness thereof.

Rule 126B.—Save by the special order of the Judge, to be obtained upon motion after notice to the Official Assignee, no bond or security deposit executed or made by the trustee under rule 123 shall be cancelled or returned to him, as the case may be, unless and until he produces a certificate from the Official Assignee of the nature mentioned in the preceding rule to the effect that the trustee has properly accounted for all moneys that came to his hands.

Rule 128E.—A Guarantee Association or Society duly approved of by the Full Court may be accepted as surety upon its joining in a bond with the person required to give security.

Rule 128F.—In all cases where a person proposes to give a bond by way of security, he shall serve the other parties interested or concerned and the Registrar, with notice of the proposed sureties, and the Registrar shall forthwith give notice to both parties of the time and place at which he proposes that the sufficiency of the proposed security shall be investigated by him, and that should the other party have any valid objection to make to the proposed sureties, or either of them, it must be made at that time.

Rule 128C.—Every person other than a Guarantee Society, offering himself as a surety, shall, where so required, produce before the Registrar his title deeds and vouchers, and make an affidavit of justification or be examined by the Registrar on oath or solemn affirmation, as the case may be, touching the value of his property and the debts and liabilities to which it is subject, after being examined and allowed, the surety shall sign the bond, and where the Registrar so requires, deposit his title deeds and vouchers with the Registrar of this Court in its Original Jurisdiction.

That rule 137 be amended by substituting for the present rule the following:—

Rule 137 (in substitution of present rule).—The order of the Court made on an application for discharge shall be dated of the day on which it is made, and shall take effect from the day on which the order is drawn up and signed; but no office or certified copy of such order (save an office copy for the purposes of an appeal) shall be delivered out nor shall such order be gazetted until after the expiration of the time allowed for appeal, or, if an appeal be entered, until after the decision of the Appellate Court thereon. Rule 178F.—Meeting of Creditors.—Within fourteen days from the date of submission of the Insolvent's Schedule under section 24 of the Act, the Official Assignee shall, unless he has previously applied for an order for summary administration under section 106 *(1)* of the Act, apply to the Court for directions (1) whether a meeting of creditors should be summoned under section 26 of the Act, and (2) whether the creditors should be authorised to appoint a committee under section 88 of the Act. The application shall be made ex-parte, but the Court may direct that notice thereof be given by post or otherwise to all or any of the creditors named in the Insolvent's Schedule or to any person who has tendered a proof or who appears to the Court to have intimated an intention to claim to be a creditor. The Court may by its order give directions as to the time and place of the meeting of creditors or any other incidental matters, but save for special reason to be recorded no creditor or other person shall be given any costs in respect of the said application for directions.

Simla, the 29th April 1930.

No. F.-43/IV-R.-II.—The Despatch from the Secretary of State, No. 1-Accounts, dated the 10th April 1930, with its enclosure, relating to the Indian Civil Service Family Pension Rules, is published for general information:—

To His Excellency the Right Honourable the Governor General of India in Council.

Indian Civil Service Family Pensions: approval of proposals made in connection with valuation as at 31st March 1928. A. G. 2150/30.

MY LORD,

I have considered in Council the replies received from subscribers to the circular letter issued in October last submitting proposals for the distribution of the surplus reported on the valuation, as at 31st March 1928, of the Indian Civil Service Family Pension Scheme.

2. The replies received both in this country and in India, indicate that the proposals are approved by a large majority of the subscribers, and I have therefore decided to approve them without alteration. I summarise below, for convenience, the measures sanctioned.

A. The permanent addition to the basic rate of pensions will in future be at the rate of 33⅓ per cent. in place of 20 per cent. as hitherto.

B. The basic rate of pensions will, until further notice, be subject in addition to a temporary increase of 16⅔ per cent. The total pension payable will thus remain at a rate 50 per cent. above the basic.

C. Monthly contributions will in future be at the following rates, according to the subscriber's date of entry:—

For entrants before 1st April 1916, 75 per cent. of basic rates.
For entrants between 1st April 1916 and 31st July 1925, 87½ of basic rates.
For entrants between 1st August 1925 and 31st March 1928, during first seven years 112½ per cent. of basic rates, thereafter 100 per cent. of basic rates.
For entrants after 31st March 1928, 112½ per cent. of basic rates.

D. Subscribers who entered before 1st April 1910 will be relieved of payment of subscriptions after 25 years' service. This will apply to subscribers who, on retiring under the Premature Retirement Rules, elected to continue subscriptions under options B or C.

E. Subscribers marrying after retirement who take advantage of the provisions of Rule 23 will in future pay in place of the donations on marriage hitherto prescribed in the Seventh Schedule, enhanced donations at a rate £200 in excess of that applicable to subscribers marrying before retirement. The donation will, however, secure pension not only to the wife but to the children, if any, of the marriage. Subscribers who have married after retirement and paid donations for wife and children at the rates hitherto prescribed in Schedule Seven will be entitled to a refund of the amount paid in excess of the new rate, but without interest. Subscribers who have paid donation for a wife but have not reported the birth of a child or children may secure pension for such child or children on paying the difference between the old and the new rates of donation without interest.

Subscribers on active service whose subscriptions cease after 25 years will be liable for the enhanced donations applicable to retired subscribers subject to the provision that the total amount so paid shall not exceed that which they would have paid under the normal rules applicable to Class I subscribers.

F. Pensions will be paid to sons over the age of 24 on production of proof that by reason of physical or mental infirmity they were not at that time or at any subsequent time capable of earning a living.

3. In view of the fact that the Actuary's estimates of cost assume that the changes proposed come into force on 1st January 1930, I have decided that they shall have retrospective effect from that date.

I enclose a copy of a Resolution passed by me in Council making the necessary alterations in the Rules to give effect to the foregoing decisions.

4. I request that you will publish this Despatch, with its enclosure, in the *Gazette of India*, and advise me by telegram of the date of publication.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble Servant,

(Signed) WEDGWOOD BENN.

ENCLOSURE.

"(a) Where the subscriber shall have married before such date, he shall continue to subscribe until he shall have paid the amount, if any, by which the sum of the difference between the married and single rates of subscription from the date of his marriage, or of his last marriage if more than one, up to the said date, and of any subscriptions payable to the said date in respect of children of that marriage, falls short of £200, or until he retires; and that

"(b) If such a subscriber shall marry after completion of 25 years' service, but before retirement, he shall pay on marriage, in addition to the contributions specified in Rule 11, the amount of the subscriptions of which he has been relieved since completing 25 years' service; or the sum of £200, whichever is the less; and if the said amount be less than £200 he shall continue subscription until he shall have paid the difference between the said amount and £200, or until he retires."

In Rule 17 of the said Rules, sub-rule (2) shall be omitted.

In Rule 19 of the said Rules, at the end of sub-rule (1) the following shall be inserted, namely:—

"Provided that in any case where it is shown that a male orphan, on attaining the age of 24 years, or 21 years, as the case may be, is by reason of mental or physical disability, incapable of earning a livelihood, the Secretary of State in Council may at his discretion permit such male orphan to continue to draw beyond that age a pension of an amount not exceeding that of which he is then in receipt.

"Provided further that if a male orphan shall be over the age of 24 years on the date of his father's death, and if it shall be shown that by reason of mental or physical infirmity he was not

at the age of 24 years and has not at any subsequent period been capable of earning a livelihood, the Secretary of State in Council may at his discretion grant to him a pension of amount not exceeding that laid down in the Eighth Schedule to these Rules for children who are over 12 years of age."

For Rule 23 of the said Rules, the following shall be substituted, namely:—

"(2) Notwithstanding the provisions of Rule 8 there shall be payable on any marriage reported as aforesaid, and subject to the provisions of Rules 11, 14, and 23A, so far as they may be applicable, the donation prescribed in the Third Schedule, the disparity fine specified in the Fourth Schedule, and a further sum of £200.

"(3) A subscriber who has married after retirement but before 1st January 1930, and who has paid donations under the scale then in force to secure pensions for his wife and child or children, shall be entitled to a refund of the amount by which the total of such donations exceeds the sum payable under the Rule as since amended, but without interest; and any such subscriber who has paid a donation for his wife only may at his option secure benefit for his children by the marriage on payment of the difference, without interest, between the donation paid and that payable under the Rule as since amended."

ENCLOSURE.

RESOLUTION.

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held on the 8th day of April 1930, hereby makes the following amendments to the Superior Services (India) Family Pension Fund Rules, namely:—

At the end of sub-rule (2) of Rule 14 of the said Rules the following shall be inserted, namely:—

"Provided that in any case where it is shown that a male orphan on attaining the age of 21 years is by reason of mental or physical infirmity incapable of earning a livelihood, the Secretary of State in Council may at his discretion permit such male orphan to continue to draw beyond that age a pension of amount not exceeding that of which he is then in receipt under this Section of these Rules.

"Provided further that, if a male orphan shall be over the age of 21 on the date of his father's death, and if it shall be shown that by reason of mental or physical infirmity he was not at the age of 21 and has not at any subsequent period been capable of earning a livelihood, the Secretary of State in Council may at his discretion grant to him a pension of amount not exceeding that laid down in the Fifth Schedule of these Rules for children over 12 years of age."

At the end of the Seventh Schedule to the said Rules, there shall be inserted the following, namely:—

"In the case of sons, pensions continuing after the age of 21 can be secured only when it is proved that the son being under that age is permanently incapacitated from earning a livelihood. Rates will be quoted on application."

FUNDS.

No. 219.—The following Despatch No. 2 (Accounts), dated the 10th April 1930, from the Secretary of State for India, is published for general information:—

Indian Military Service Family Pensions and Indian Widows' and Orphans' Fund: pensions to sons over the age of 21 years who are incapable of earning a livelihood. A. G. 3089/30.

I have recently had under my consideration representations received from subscribers under the Indian Civil Service Family Pension Rules regarding the desirability of providing, beyond the age at which pensions normally cease, for sons who are incapacitated from earning a livelihood. The arguments for such provision being clearly of equal weight in the case of other pension schemes, I requested the Government Actuary, in reporting on the proposal in relation to the Indian Civil Service Family Pension Scheme, to advise at the same time as to the possibility of its adoption in the case of the Indian Military Service Family Pension Scheme, the Indian Military Widows' and Orphans' Fund and the Superior Services (India) Family Pension Fund. After consideration of the experience of the older Funds, the rules of which included in many cases provisions of the type contemplated, Sir Alfred Watson has expressed the opinion that it would be practicable to add a similar provision to the rules of the later Funds, without requiring special contributions, provided that a small reservation was made on the occasion of each valuation to provide for the concession. A proposal to this effect has been circulated to subscribers under the Indian Civil Service Family Pension Scheme in connection with other proposals consequent on the recent valuation; and a resolution in Council making the necessary amendment in the Rules of that Scheme is being forwarded with my Despatch No. 1, Accounts, of to-day's date. In view, however, of the comparative unimportance of the measure from a financial point of view, I have not thought it necessary in the case of the remaining Schemes to await a valuation or to make special reference to subscribers.

2. I have accordingly decided, as regards the two military Schemes, to substitute for Article 20 of the Indian Military Service Family Pension Scheme and Article 21 of the Indian Military Widows' and Orphans' Fund the following:—

"In any case where it is shown—

"(*a*) that a male orphan on attaining the age of 21 is by reason of mental or physical infirmity incapable of earning a livelihood, or

"(*b*) that a male orphan over the age of 21 at his father's death is not then and has not been since the age of 21, capable of earning a livelihood,

the Secretary of State in Council may, at his discretion, grant to such orphan, under such conditions as he may prescribe, a pension of an amount not greater than that payable to daughters over 21 years of age."

The provisions of this Article will have effect from 1st January 1930.

3. I request that this Despatch may be published in the *Gazette of India* on the same day as my Accounts Despatches Nos. 1 and 3 of today's date. The latter deals with the provision made for incapacitated sons of subscribers to the Superior Services (India) Family Pension Fund.

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30TH SEPTEMBER 1929.

GOVERNMENT OF BENGAL.

Revenue Department.

Land Revenue.

DARJEELING, THE 3RD MAY 1930.

RESOLUTION—No. 299 T.R.

READ—

The Survey and Settlement Reports, for the year ending 30th September 1929.

Lieutenant-Colonel J. D. Campbell, D.S.O., R.E., the Director, Eastern Circle, Survey of India, twice inspected the offices of the Bengal Traverse Party and Bengal Drawing Office. The Governor in Council has noticed with pleasure that Lieutenant Colonel Campbell was satisfied with the quality of the technical work of the Bengal Survey Department.

2. Traverse survey was done over an area of 676 square miles in Burdwan and 695 square miles in Malda. The area traversed in the Burdwan district was very unhealthy, especially at the beginning of the field season when nearly half of the staff fell ill. In Malda, the area traversed was also very unhealthy and contained a large number of beels which presented many difficulties.

3. The first batch of maps of the district of Malda prepared by the Air Survey Company proved inaccurate and unsuitable, and the commencement of settlement operations in the district had to be postponed until the following year. Government cancelled the agreement with the Air Survey Company and had to revert to the ordinary methods of survey. By February 1929, the Company succeeded in perfecting their technique, an accurate method of sheet reproduction was evolved, and it was decided to take up an experimental area of 130 square miles by air survey. Under a fresh contract made with the Company an area of about 104 square miles was surveyed from the air. The photographs of this area which were supplied by the Company were tested by Kanungos and found to be accurate and satisfactory. It can now be said that the air survey methods which have been evolved are accurate and they have the advantage of speed and economy over the ordinary methods of survey.

4. Major settlement operations were in their closing stages in the districts of Khulna and Pabna-Bogra, but were in full swing in Murshidabad-Birbhum, 24-Parganas, Burdwan, and in Chittagong, with different stages of work in progress. Operations were also started in Malda.

5. The total area for which a record-of-rights has been completed is 51,308 square miles out of 65,304 in the province to which the Bengal Tenancy Act applies. The popularity of the record-of rights is fast increasing, and there is a growing demand for copies of khatians and maps which people now take care to preserve. The maps and records have been found extremely useful in every branch of the administration. The improvement in the quality of printed maps was well maintained, they were appreciated and used by the public and the staff of the different branches of the administration.

6 Khan Bahadur M. A. Mumin was in charge of the department up to the 26th March 1929, when Mr L. R. Fawcus, I.C.S., took over and remained in charge for the rest of the year except from 10th August to 9th September 1929, when he was on leave and Mr B. E. J. Burge, I.C.S., Settlement Officer of the 24-Parganas, officiated for him. The Governor in Council has much pleasure in acknowledging the efficiency and care with which the Departments of Survey and Settlement have been managed in the year under review His Excellency in Council is also pleased to direct that the good work done by the Survey Officers, Mr I. Newton and Captain C. B. Sexton, and Settlement Officers, Messrs J. B. Kindersley, B E. J. Burge, K A L Hill, M O. Carter and Rai Bijoy Behari Mukharji Bahadur, as also by the other officers mentioned in the concluding paragraphs of the Survey and Settlement Reports, be recorded.

Order—Ordered that this resolution be published in the Gazette
